The Hip Society's Scientific Awards

The Hip Society, annually, gives out three (3) scientific awards for papers submitted from the various training programs or from practicing orthopaedic surgeons for presentation at the subsequent **Winter (Open) Meeting of The Hip Society (on the Specialty Day of the AAOS Annual Meeting)**.

Award submissions are solicited from members and non-members. The deadline to submit a full manuscript is **December 1**.

The awards are named after individuals who have made outstanding contributions to reconstructive surgery of the hip and will be based on the criteria that follow:

- **The Otto Aufranc and John Charnley Awards:** Papers submitted in these categories are to be based on innovative research, either clinical or basic, encompassing important advances in the management of hip disorders.
- **The Frank Stinchfield Award:** This prize is given to a resident or fellow in training who submits an outstanding contribution concerning hip problems.

Any and all of these awards are granted at the discretion of the Education Committee of The Hip Society.

The **presenting author** of each winning paper will receive a \$2,000 honorarium and a certificate. His or her co-authors will receive copies of certificate.

Instructions to Contenders

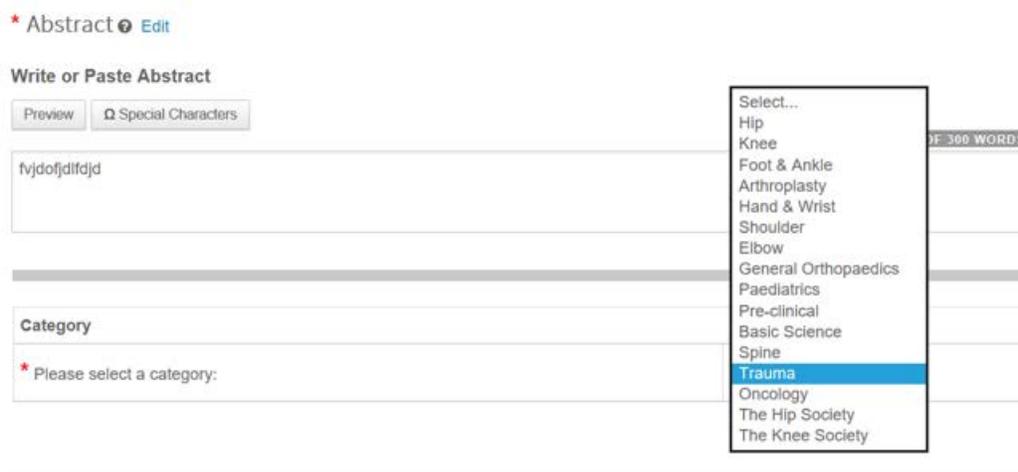

Submitted papers must:

- Highlight **quality basic science** or **clinical** research **specifically related to the hip joint**.
- Be **completely original work** and not be published in part or in whole in any journal or electronic media.
- Be in publishable form.
- Be blinded.

Bone and Joint Journal (BJJ) is the official journal of The Hip Society, and all submissions must be done **online** through <https://mc04.manuscriptcentral.com/bji>. If you are visiting the website for the first time, you will need to create an account before logging in.

THE HIP SOCIETY'S SCIENTIFIC AWARDS

In **Step 1**, Authors should select **The Hip Society** from the category menu:

The screenshot shows a form for submitting an abstract. At the top, it says '* Abstract' with an 'Edit' link. Below that is a text area labeled 'Write or Paste Abstract' containing the placeholder text 'fvjdojdlfdjd'. To the right of this text area is a dropdown menu with the following options: Select..., Hip, Knee, Foot & Ankle, Arthroplasty, Hand & Wrist, Shoulder, Elbow, General Orthopaedics, Paediatrics, Pre-clinical, Basic Science, Spine, Trauma (highlighted in blue), Oncology, The Hip Society, and The Knee Society. Below the text area is a 'Category' section with a dropdown menu that currently displays '* Please select a category:'. There are also buttons for 'Preview' and 'Special Characters'.

In **Step 6**, if you selected The Hip Society, the following is asked:

The screenshot shows a form with two main sections. The first section is titled 'Is this paper to be considered for a Award?' and has two radio button options: 'Yes' (selected) and 'No'. The second section is titled 'If yes, please select the Award from the list below:' and has a dropdown menu with the following options: Select..., The Otto Aufranc Award, The John Charnley Award, and The Frank Stinchfield Award. Below this dropdown menu is a checkbox with the text 'If the Frank Stinchfield Award has been selected, please confirm you are a resident or fellow.'

If the **Frank Stinchfield** award has been selected, please confirm resident/fellow status.

→→→ CRITICAL: In the cover letter, please state that your paper is being submitted in consideration for The Hip Society's Scientific Award.

Please adhere to BJJ's guidelines for manuscript submission.
