Expand your skills and options for TKA and THA

This interactive learning experience empowers you with current approaches and preferred techniques presented by experts from The Hip Society and The Knee Society. Improve your operative performance and learn new pathways to patient outcomes for complex primary and revision total knee and total hip arthroplasty.

Course Highlights:

- "What Would You Do?" interactive case-based panel discussion
- Low participant-to-faculty ratio offers direct access to expertise
- Small-group roundtable discussions, dynamic keynotes, and lively debates

Bring your extended care team, PAs and nurses, to build synergy in your approaches and improve patient care at every touchpoint.
